Confirmation 'Slap'

Up until 1972, part of the confirmation ritual was a "slap" on the cheek of the person being confirmed.

The gesture was intended as a reminder that the newly-confirmed candidate was to be ready to defend the faith at all costs. It was a "tough love" reminder that one may have to suffer for the faith.

In the early Church, the slap was more of a "pat" accompanying the bishop's words: "Peace be with you."

When the rite of confirmation was revised in 1972, the slap was taken out of the ritual.

DATING
PROJECT**

Save the dates: July 1, 8, 15, and 22, 2019.

The DATING Project:

Summer sessions for young adults ages 21-35.

Half of America is single. The way people seek and find love has radically changed.

The trends of hanging out, hooking up, texting and social media culture have created a dating shortage, Dating is now “outdated,” yet men and women are still seeking meaningful relationships.

This curriculum guide has been developed to assist all those who restore a dating culture for young people. It will provide them with hope and the tools to find and develop strong, healthy relationships, while learning more about themselves and the society they live in.

Registrations available at the Parish House.
